

# BANDED SHADES RANGE

The new **Bandalux Aurora®** fabric selection incorporates new textiles following the latest trends in decoration. New satin textures, wider fascias and natural-looking fabrics make **Bandalux Aurora®** captivate audiences with different personalities. In addition, 50% of the fabrics in this new collection are Greenguard certified.

## THE NEW BANDED SHADES COLLECTION

### Wide range of fabrics

More than **30 fabric collections** with **95 different colors** that bring a new character to the environment.

### Intimacy and visibility in a single blind

Design the light that accompanies you at every moment with the catalogue of our **4 large collections**:

ESSENTIALS

A selection of smooth, satin and matt fabrics that elegantly filter the sunlight in a minimalist and modern decoration in line with current trends.

NATURE

A selection of fabrics with a natural and organic look that provide warmth and personality to create eco-sustainable environments.

GLAMOUR

A selection of sophisticated fabrics for a more daring decoration that does not want to go unnoticed. Jacquard fabrics metallised with Lurex threads that transform the sunlight into silver, gold, copper and champagne tones.

DIMOUT

A selection of fabrics that are ideal to darken environments that play with the management of light to obtain the desired privacy and occultation. Choose a minimalist style or try a more glamorous and daring one.

### Available in different bandwidths

Following the new trends in decoration, we extend the options of the width of the bands in **4 different sizes**: Small (S), Medium (M), Large (L) and Extra Large (XL).

! Measures in inches. / Each fabric has its own measures. Refer to the technical data sheet of the fabric.

## PRODUCT PRESENTATION

### Choose your style

Maximum customization of banded shades with Aurora fabrics. Different systems: Roller blinds, Q-Style® and Deco Cassette with customizable box matching with the fabric, or Q-Cassette® with its avant-garde aesthetic and clean lines.

**Q-CASSETTE®**

**Q-STYLE®**

**DECO CASSETTE**

**ROLLER**

### "Rapid Install" fastening system

All four Aurora models come with easy to install brackets. These brackets are available for both wall and ceiling installation. This system makes the installation of a Aurora both fast and easy.

### Complementing details

Three types of bottom bars that combine with the fabric and the Aurora model chosen. Neox model is used by default.

**NEOX**

**CILINDRIC**

**DELUXE**

### Safety protection for children

In compliance with the updated child safety standard (ANSI/WCMA A100.1-2022), Bandalux supplies an improved Chain/Cord Tension Device by default.

This device is designed to eliminate free hanging cords and connectors in order to be fully tensioned and fixed to the wall with the aim of preventing children from getting entangled in it.

#### Features of the new Child Safety Device:

- Easy device assembly.
- Quick installation.
- Smooth and reliable performance.
