

# FIT PLEAT®

Fit Pleat® shade installs directly onto the frame with drilling thanks to an ultra resistant 3M adhesive. Depending on the lighting needs, you can choose between a pleated fabric available in a variety of colors, textures and transparencies and a cell fabric which guarantees thermal insulation and high opacity. Energy efficiency and style will define your home.

# FIT SYSTEMS - FIT PLEAT®

## Fit Pleat® shade

### "A1" side channels

A pleated fabric system with the option of combining two fabrics. Adaptable to windows and glass doors (flat surfaces).

### Night & Day option

Combination of two fabrics in a single shade for either transparency or privacy at any time of the day.

## Two types of fabrics Two solutions

Pleated fabric:  
20mm pleat

Available in many different colors, textures and transparencies.

Cell fabric:  
25mm pleat

- Inner beehive-like cell.
- 100% blackout fabric.
- Thermal insulation.

## Ultra-resistant adhesive tape

Guides with ultra resistant 3M adhesive tape.

- Perfect adhesion on windows and glass door frame.
- Perfectly fit into structure.
- No drilling. No holes.
- For wood, aluminum and PVC.

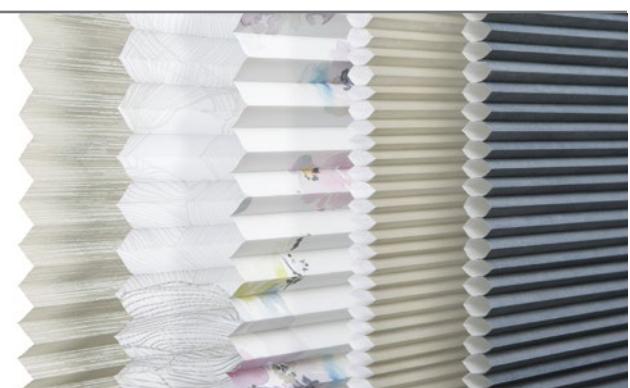

## Maximum darkness

The Fit Pleat® shade can provide maximum opacity thanks to the Blackout fabrics range with its different colors and textures, and to the lateral guiding system.

## Wide range of fabrics

Wide range of fabrics with different textures, colors and degrees of transparency to create spaces that respond to any need: from sieving the light for a daytime scene to achieving maximum opacity for a private night-time mood.

## TAKING MEASUREMENTS

### Measurement check

(images intended to serve as examples only)

**1** Minimum height  $\frac{9}{16}$ "

The height must be **at least  $\frac{9}{16}$ "** in the upper section, as measured from the molding upward (flat surface).

**2** Minimum space  $\frac{13}{16}$ "

Minimum space of  $\frac{13}{16}$ " between the doorknob and the start of the inner molding.

NOT SUITABLE FOR DOORS WITH HANDLES SIMILAR TO THE ONE SHOWN IN THE PICTURE BELOW

### Taking the right measurements

! The Fit Pleat® system can be installed on flat surfaces, glass doors or windows with moldings and muntins.

#### ORDER:

Bandalux will supply the shades with the measurements provided by the customer.
